*This estimated amount is based on total estimated Government requirements. This means that if more than one award is made, the estimated amount of work awarded under task order(s) to any single contractor will be less than the amount shown.

Effective September 16, 2005, all solid wood packing material (SWPM) entering the United States must be either heat-treated or fumigated with methyl bromide, in accordance with the Guidelines on 7 CFR 319.40, and marked with an approved international mark certifying treatment. This change will affect all wood packaging material in connection with importing goods into the United States. Heat treatment is preferred. Similar importation restrictions are being implemented in other countries. For a complete list of affected countries with similar wood importation restrictions and the effective date of the restrictions, visit the USDA website. Because similar wood restrictions are already in place in the European Union, shipments destined or transiting through our storage facility in ELSO Antwerp should also be heat-
treated or fumigated with methyl bromide. If the fumigation method is chosen, Post needs to take precautions to ensure only the wood products are fumigated. Do not, repeat do not fumigate a crate or container with personal effects inside.
5. ORDERS

All requests for shipments or performance of individual jobs under this contract shall be issued via an order placed by the Contracting Officer. This task order will contain the following information:

(a) Name of Contractor,
(b) Contract number
(c) Date of purchase
(d) Purchase number
(e) Name of person placing order
(f) Itemized list of shipment and services furnished
(g) Quantity, unit price, and total price of each item or service, less applicable discounts

Orders may be placed orally initially, but must be followed up in writing within 48 hours via issuance of a task order. Only a Contracting Officer may place an order, either orally or in writing.

“If more than one contractor has received an award for these services, the following procedures shall govern the issuance of individual orders. No work shall be performed without an order being issued to the Contractor by the Contracting Officer.

(1) As the need for services arises, the Government will develop a price estimate. If the estimate does not exceed US $3,500, the Government will follow the procedures in paragraph (2) below. If the estimate exceeds US $3,500, the Government will follow the procedures in paragraph (3) below.

(2) Orders not exceeding US $3,500 - The Government will select a contractor for issuance of the order. This decision will be based on the Government's best interests, which may include factors such as estimated price and past performance record.

(3) Orders exceeding US $3,500 - Unless one of the exceptions in paragraph (5), below, applies, the Government will follow one of the following two scenarios:

(a) The Government will request each contractor to perform, AT NO COST TO THE GOVERNMENT, a pre-shipment survey after which the Contractor will present an estimate to the Government. Whether or not the Contractor is selected for an individual order, the Government shall not be liable for any claim from the Contractor for the costs of performing the pre-shipment survey. Selection will be based on a combination of estimated price and past performance information; or

(b) If the Contracting Officer can establish which Contractor’s prices will result in the lowest price for the individual order without requesting a pre-shipment survey, the Government will make its award selection based upon the prices set forth in the contract and past performance
information gained as a result of contractor performance under this contract.

(4) Regardless of whether the procedures in paragraph (2) or (3) above were followed, selection of contractors shall not be protestable to GAO under Subpart 33.1 of the Federal Acquisition Regulation, except on the grounds that the order increases the scope, period, or maximum value of the contract. However, the Department of State does have an Acquisition Ombudsman who will review complaints by contractors to ensure that all contractors are afforded a fair opportunity to be considered for these task orders, pursuant to the procedures for award of task orders established herein.

(5) Exceptions to the procedures in paragraph (3) above:
(a) The agency need for the required services is of such urgency that providing such competitive opportunity would result in unacceptable delays;
(b) The order should be issued on a sole-source basis in the interest of economy and efficiency as a logical follow-on to an order already issued under the contract, provided that all awardees were given a fair opportunity to be considered for the original order.
(c) It is necessary to place an order to satisfy a minimum guarantee.

The COR will give the Contractor a completed "Request for Shipment" form which is the notification of scheduling and authority to proceed if "confirmed" is indicated. This form will not be given to the Contractor unless a task order has already been issued by the Contracting Officer. If "tentative" is checked, the Contractor shall contact the COR for information/instructions.

Pre-shipment Survey
Before the UAB, HHE and cargoes are packed, the Contractor shall, in connection with each instance of household effects services in this contract, make an on-site pre-shipment survey of the items to be shipped and/or stored to determine the approximate net weight of each category. The survey shall be conducted by an approved estimator. The survey must list the major items of furniture, appliances and equipment which are to be included in the shipment and/or storage lot. It must also state the number of cartons and crates necessary to properly protect the loose and fragile items. The Contractor shall give a copy of each survey, signed and dated by the estimator, indicating total estimated net weight of both the export shipment and storage lot to the client within 1 day upon completion of the pre-shipment survey. A pre-shipment survey which deviates more than ten percent, either high or low, in either the export or storage estimates, will be documented by the COR in the Contractor's performance file. A pre-shipment survey will not normally be required for shipments other than household effects shipments.

9. DURATION OF PACKING

Tare Weight Limitation
Whether for official shipments or for household effects, the tare weight shall not exceed 45% of the net weight of the articles packed. If it appears that the 45% limitation will be exceeded, the Contractor shall obtain advance approval of the COR before proceeding with the packing. The
tare weight and cube of each shipment shall be the minimum that will afford adequate protection to the items being packed. Contractor shall weigh containers before packing in order to calculate net weight.

Shipping Weight
The Contractor will be advised in writing by the COR as to the maximum weight allowance to be shipped and/or stored. The Contractor shall not exceed these weights without the COR’s consent. If the shipment portion exceeds the maximum authorized weight, the COR must be informed. The Contractor shall remove items specified by the COR at no additional cost to the Government or employee. The terms shall be subject to approval by the COR, indicating the American post or other Government Agency as the depositor. If the Warehouse Receipt contains provisions that differ from items in this contract, or that are not contained in this contract, these provisions in the Warehouse Receipt shall have no effect against the United States Government unless the United States Government specifically, in writing, approved each provision at the time the receipt was drafted.

The Warehouse Receipt shall also indicate the name of the owner of the goods, the number of the authorization, the net weight of the storage lot, the number of items deposited, the kind of items and the condition in which they are received. Non-availability of suitable vehicles shall not constitute acceptable justification for late pickup or delivery, or for additional costs to the Government.

19. COMPUTATION OF WEIGHTS

Gross Weight - see "Definitions," paragraph 2.

Net Weight - See "Definitions," paragraph 2.

Gross Weight is calculated by adding the Net Weight of the contents to the weight of the shipping container and any bracing material used to secure articles in the container. The Contractor shall designate and the COR shall approve a scale to be used for determination of shipment weights. The scale must be officially certified by the Government of Albania as accurate and must continually display documentation in testimony thereof. All official certificates of accuracy must be periodically updated and recertified to ensure there is no lapse of certification.

The COR or an appointed representative may be present at the scale site when any shipment weight is taken to witness the accuracy of the reading. The Contractor shall submit to the COR with each invoice a weight certificate, signed by the Government employees for whom services were rendered, and the name of any Government employee who witnessed the weight reading.
When the Net Weight of a shipment has not been determined by actual measurement before shipment occurs, for payment purposes the Net Weight shall be defined as two thirds of the Gross Weight of the shipment. With the invoice for each shipment, the Contractor shall submit a written justification describing why the shipment could not be weighed before it was shipped.

20. QUALITY ASSURANCE AND SURVEILLANCE PLAN (QASP)

This plan provides an effective method to promote satisfactory contractor performance. The QASP provides a method for the Contracting Officer's Representative (COR) to monitor Contractor performance, advise the Contractor of unsatisfactory performance, and notify the Contracting Officer of continued unsatisfactory performance. The Contractor, not the Government, is responsible for management and quality control to meet the terms of the contract. The role of the Government is to monitor quality to ensure that contract standards are achieved.

Standard
The performance standard is that the Government receives no more than one (1) customer complaint per month. The COR shall notify the Contracting Officer of the complaints so that the Contracting Officer may take appropriate action to enforce the inspection clause, FAR 52.212-4 Contract Terms and Conditions-Commercial Items, if any of the services exceed the standard.

21. PROCEDURES

(a) If any Government personnel observe unacceptable services, either incomplete work or required services not being performed, they should immediately contact the COR.

(c) If the COR determines the complaint is invalid, the COR will advise the complainant. The COR will retain the annotated copy of the written complaint for his/her files.

(g) The COR will consider complaints as resolved unless notified otherwise by the complainant.

(h) Repeat customer complaints are not permitted for any services. If a repeat customer complaint is received for the same deficiency during the service period, the COR will contact the Contracting Officer for appropriate action under the Inspection Clause.
ATTACHMENT 2
PACKING SPECIFICATIONS

1. CONTAINER SPECIFICATION

(a) Containers to be used for export shipments of effects under this contract must be soundly constructed of waterproof plywood, lined with a waterproof barrier, and reinforced with an inside framework. Wooden containers must be heat treated or fumigated based on the requirements of the destination country. **Effective September 16, 2005, all solid wood packing material (SWPM) entering the United States must be either heat treated or fumigated with methyl bromide, in accordance with the Guidelines on 7 CFR 319.40 and marked with an approved international mark certifying treatment. This change will affect all wood packaging material in connection with importing goods into the United States. Heat treatment is preferred. Similar importation restrictions are being implemented in other countries. For a complete list of affected countries with similar wood importation restrictions and the effective date of the restrictions, visit the USDA website. Because similar wood restrictions are already in place in the European Union, shipments destined or transiting through our storage facility in ELSO Antwerp should also be heat treated or fumigated with methyl bromide. If the fumigation method is chosen, post needs to take precautions to ensure only the wood products are fumigated. Do not, repeat do not, fumigate a crate or container with personal effects inside.** Containers shall be designed to eliminate damage to the effect from exposure to inclement weather, salt water, salt atmosphere, and possible violent external forces incident to ocean and/or inland transportation and rough handling, so as to insure safe and undamaged arrival of the effects at the destination. The top of the container shall have metal roofing for shipments transiting areas of heavy rain or snowfall. Caulking compound must be used when wooden container panels are assembled to insure watertight joints.

(b) When container shipping services are available, the containers shall be shipped and stowed inside the ship’s containers; therefore, the containers shall be of the cubic measurements designed to take maximum advantage of the inside measurements of the ship’s containers.

(c) The modular containers provided by the Government used under this contract are the sole property of the Government, and shall be handled carefully to allow subsequent reuse with minimum repair or refurnishing.

(d) When the Government specifies use of a used modular container in export shipment of household effects under this contract, the Contractor shall offer in its invoice and equitable discount from the applicable contract rate. The amount of such discount will vary according to the extent of repair needed, or other conditions of the used containers, and shall be determined on an individual case basis upon mutual appraisal by the Contractor and the COR.

2. STANDARDS FOR PACKING HOUSEHOLD EFFECTS (HHE) AND UNACCOMPANIED AIR BAGGAGE (UAB)

Household Effects (HHE) and Unaccompanied Air Baggage (UAB) should be packed in a manner requiring the least cubic measurement, producing packages that will withstand normal

3. WRAPPING AND PACKING

The Contractor shall wrap all articles subject to breakage, denting, scratching, marring, soiling, chafing, or damage at the specified pickup site, using wrapping material to prevent such damage. The Contractor shall use the following guidelines:

This packet should be securely attached to the articles from which removed, but not in a manner that could damage the article.

(h) Legs or other articles removed from furniture shall be properly wrapped, bundled together, identified (such as "dining room table legs, 6 each") and listed separately on the Inventory List indicating the items on the Inventory List to which they belong. Ensure all screws and all other hardware which may be removed from any articles of furniture or other items, are properly identified and marked accordingly in addition to being bundled together with the items they should accompany.

(i) Make a note of the articles requiring special handling and assure that these items are packed, handled and containers marked accordingly.

(j) Before leaving the premises, check with the client to make sure all desired packing has been completed. If packing is completed, clean up and remove all debris from the area. Contractor employees should be prepared with adequate tools necessary for this action.

(c) Art Objects and Artifacts. The packer shall note the ratio of artwork to Household Effects among the client's effects, and if the ratio appears excessive, the Contractor shall notify the COR.

The following FAR clauses are provided in full text:

52.216-18 ORDERING (OCT 1995)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of task orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from date of award through base period or option periods if exercised. See Section 1, clause 2.

(b) All task orders are subject to the terms and conditions of this contract. In the event of conflict between a task order and this contract, the contract shall control.

(c) If mailed, a task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

52.216-19 ORDER LIMITATIONS (OCT 1995)

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than $600, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor--

(1) Any order for a single item in excess of $15,000

(2) Any order for a combination of items in excess of $30,000; or
(3) A series of orders from the same ordering office within 5 days that together call for quantities exceeding the limitation in subparagraph (1) or (2) above.

(c) If this is a requirements contract (i.e., includes the Requirement clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) above.

(d) Notwithstanding paragraphs (b) and (c) above, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 5 days after issuance, with written notice stating the Contractor’s intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

52.216-22 INDEFINITE QUANTITY (OCT 1995)

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the “maximum.” The Government shall order at least the quantity of supplies or services designated in the Schedule as the “minimum.”

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor’s and Government’s rights and obligations with respect to that order to the same extent as if the order were completed during the contract’s effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after one year beyond the contract’s effective period.

52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within the performance period of the contract.
Funds are not presently available for performance under this contract beyond September 30 of the current calendar year. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond September 30 of the current calendar year, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

52.247-23 CONTRACTOR LIABILITY FOR LOSS OF AND/OR DAMAGE TO HOUSEHOLD GOODS (JAN 1991) (DEVIATION)

(a) Except when loss and/or damage arise out of causes beyond the control and without the fault or negligence of the Contractor, the Contractor shall be liable to the owner for the loss of and/or damage to any article while being-

   (1) Packed, picked up, loaded, transported, delivered, unloaded, or unpacked;

   (2) Stored in transit; or

   (3) Serviced (appliances, etc.) by a third person hired by the Contractor to perform the servicing.

(b) The Contractor shall be liable for loss and/or damage discovered by the owner if written notice of such loss and/or damage is dispatched to the Contractor not later than 75 days following the date of delivery.

(c) The Contractor shall indemnify the owner of the goods at a rate of $8.50 per pound (or metric equivalent in local currency) based on the total Net Weight.

(6) Paying, honoring, confirming, or otherwise implementing a letter of credit which contains any condition or requirement against doing business with the State of Israel.

(b) Under Section 8(a), the following types of activities are not forbidden ``compliance with the boycott,'' and are therefore exempted from Section 8(a)'s prohibitions listed in paragraphs (a)(1)-(6) above:

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) □ Are, □ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) □ Have, □ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
(3) □ Are, □ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) □ Have, □ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds $3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). (iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) Taxpayer Identification Number (TIN) (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to the SAM database to be eligible for award.)
